GREEN POLICY

VISION

Sanskriti School of Business green policy aims to create awareness amongst students and all stake holders about various environment related harms and to sustain natural resources

MISSION

- To assist the students by educating stakeholders to understand each individual's accountability to take an initiative to save environment.
- To bring consciousness among the students related to evils of disturbing the environment.
- To facilitate students, take small steps in conserving the environment.

OBJECTIVES

- To encourage the students to maintain clean and green environment
- To educate the students to create awareness amongst public
- To instill the students, the value of the environment and the issues that it faces.
This environment and energy policy is binding for all the components of the institution and applies to all its staff and students to the various activities undertaken by the institution. It will help us to implement efficiency and environmental awareness to conservation of natural resources and to limit its usage.
- To assess our energy usage and measure its impact on the environment
- To install solar panels for the generation of alternate energy
- Turnoff your monitor when you leave your table. Whenever possible, shutdown rather than logging off.
- Turnoff unnecessary lights and use day light instead
- Use LED or Compact fluorescent bulbs as much as possible.
- Switch off lights fans in conference rooms, class rooms and lecture halls when they are not in use. Avoid the use of decorative lighting
- Use the fans only when they are needed
- In hostels install water heaters with non-conventional energy resources
- To reduce local air pollution emission using bicycles, public transportation and use of pedestrian – friendly roads
