Title of the Report: Swatch Bharath – Walk with Nature

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN
Ms. Tanuja
Ms. Keerthi
Mr. Prasananjeya Reddy

Summary:

"God made you, God made me.
God made trees, God made leaves.
God says: please take care of these.."
It's always fun to help and be with our green friends as they help to keep our environment clean, in purifying air and giving us oxygen to survive.

Executive Summary of the Report:

- Find the visuals in the Photo Album
- 04 Faculty Coordinators and 85 Engg. Students have participated in this event.
- Location: Amagundepalyam Trekking – Walk with Nature (35 KMS away from campus)

Findings and Suggestions:

The emphasis is not on finding out names or identifying things as one might do on a 'nature walk'. We find that we must develop the tenacity and patience needed to simply watch nature. Sometimes children are accustomed to the fast paced changes and excitement that nature shows on television can provide. But they soon learn that nature really has its own rhythm and takes time to unfold its movement; it is not an entertainment but more the reward of diligent observation and sustained interest.

After moving to our campus at Puttaparthi, the walks have become even more intense and relevant. They have helped us look at learning and attention in a direct sense. The duration of the walk is from three hours and a half. For a little while, we sit quietly watching the sunset on our own. For some students, this can be quite difficult — though they are silent, their hands remain restless! Even these students do have their quiet moments, when they are touched by the magic happening around them. We reach a beautiful and interesting spot, and spend a long time exploring and climbing. On these occasions, there isn't necessarily a focus on being quiet. These walks have also helped us get to know our neighbours more closely.

Initially, none of the villagers could comprehend our strange and purposeless walks! Over time, we have become a regular fixture in the village surroundings. The students spend a long time playing with and fondling the cattle and their young. We watch and understand the rhythm of the farmers' lives, and we eat the crops they grow — rice, pulses and fruits.

2017-2018

Title of the Report: Bike Rally (Kerala Relief Fund Program)

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Summary:

Kerala is in the midst of unprecedented flood havoc. The calamity has caused immeasurable misery and devastation. Many lives were lost. Hundreds of homes were totally destroyed and many more were damaged. For the first time in history, 27 dams in the State had to be opened. Never before had the State witnessed a calamity of this scale. In the fight against the flood, we have braved the odds.

Now it is our duty to help the affected rebuild their lives. The path to recovery can be long & arduous, but you can make a difference by joining the rebuilding efforts. Contribute generously to the Chief Minister's Distress Relief Fund. We the sanskrithians have planned to conduct the Bike Rally on Awareness and also to get some financial contribution from local rural people located in and around our campus.

We have collected approx. 8000 INR on behalf of our Sanskrithi Group of Institutions – Puttaparthi, which will be transferred to our CM Relief Fund soon.

Executive Summary of the Report:

- 01 Faculty Coordinators and 25 Engg. Students and 10 MBA Students have participated in this event.

Title of the Report: Children's Day

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN (PO)

Mr. Manian

Mr. Sai Shankar

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 3 Faculty Coordinators and 15 MBA Students have participated in this event.

Findings and Suggestions:

While kids studying in private and international schools enjoy many amenities, for their government school counterparts, it's not the case often.

Mr. Naveen Kumar. Student of II MBA - SSB, a volunteer said, "We want to change the government school atmosphere into a 'modern' school environment on Children's Day (November 14) and we want to bring a sense of pride/ownership among children studying here. Call it an attempt to transform a government school into a modern one."

Mr. Sravan Kumar, Senior MBA grad – SSB, a volunteer said, "We believe that every child has equal rights to study, play, grow, stay healthy and shine in every aspect of life. These children are the future of the country. They will grow up just the way we mould them onto. They need a good healthy environment, proper facilities, plentiful love and attention to grow up."

We request the university to grand some funds, to make such events even more memorable to the volunteer as well the govt. Students.

In a world where everything is dependent on technology, there are still certain identities of us that are represented by what we wear, eat, believe and even celebrate. In spite of all these differences, the human race is bonded through peace and tranquillity. Students embraced different cultures through dressing up with costumes of different ethnicities and danced to their musical forms. Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Summary:

Kerala is in the midst of unprecedented flood havoc. The calamity has caused immeasurable misery and devastation. Many lives were lost. Hundreds of homes were totally destroyed and many more were damaged. For the first time in history, 27 dams in the State had to be opened. Never before had the State witnessed a calamity of this scale. In the fight against the flood, we have braved the odds.

Now it is our duty to help the affected rebuild their lives. The path to recovery can be long & arduous, but you can make a difference by joining the rebuilding efforts. Contribute generously to the Chief Minister's Distress Relief Fund. We the sanskrithians have planned to conduct the Bike Rally on Awarness and also to get some financial contribution from local rural people located in and around our campus.

We have collected approx. 8000 INR on behalf of our Sanskrithi Group of Institutions - Puttaparthi, which will be transferred to our CM Relief Fund soon.

spend a long time exploring and climbing. On these occasions, there isn't necessarily a focus on being quiet. These walks have also helped us get to know our neighbours more closely. Initially, none of the villagers could comprehend our strange and purposeless walks! Over time, we have become a regular fixture in the village surroundings. The students spend a long time playing with and fondling the cattle and their young. We watch and understand the rhythm of the farmers' lives, and we eat the crops they grow — rice, pulses and fruits.

Title of the Report: Swatch Bharath – Walk with Nature

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Ms. Tanuja

Ms. Keerthi

Mr. Prasananjeya Reddy

Summary:

"God made you, God made me.

God made trees, God made leaves.

God says: please take care of these..."

It's always fun to help and be with our green friends as they help to keep our environment clean, in purifying air and giving us oxygen to survive.

Executive Summary of the Report:

- Find the visuals in the Photo Album
- 04 Faculty Coordinators and 85 Engg. Students have participated in this event.
- Location: Amagundepalyam Trekking – Walk with Nature (35 KMS away from campus)

Findings and Suggestions:

The emphasis is not on finding out names or identifying things as one might do on a 'nature walk'. We find that we must develop the tenacity and patience needed to simply watch nature. Sometimes children are accustomed to the fast paced changes and excitement that nature shows on television can provide. But they soon learn that nature really has its own rhythm and takes time to unfold its movement; it is not an entertainment but more the reward of diligent observation and sustained interest.

After moving to our campus at Puttaparthi, the walks have become even more intense and relevant. They have helped us look at learning and attention in a direct sense. The duration of the walk is from three hours and a half. For a little while, we sit quietly watching the sunset on our own. For some students, this can be quite difficult — though they are silent, their hands remain restless! Even these students do have their quiet moments, when they are touched by the magic happening around them. We reach a beautiful and interesting spot, and spend a long time exploring and climbing. On these occasions, there isn't necessarily a focus

An inner shift in consciousness can help us look into solutions because the same consciousness that was responsible for the problems can't be bringing out solutions.

One of his strongest beliefs are reflected in the statement, "Simplicity is Kindness".

BK Dilip Bhai has been practicing Rajyoga meditation for the past 18 years. The divine inspirations from Bapdada have motivated and guided him in choosing this elevated path of life.

He completed B. Tech. Computer Science in India and M. S. Computer Science in USA. He is awarded Executive MBA from Stanford University, USA.

While he was in the USA, he started regularly attending classes at Rajyoga Meditation Centers and he is also fortunate to receive spiritual sustenance very early in this path from Mohini Didi (Newyork), Additional Chief of Brahma Kumaris.

He along with his yugal follows this spiritual path. With the blessings of Bapdada, Brahma Kumaris Rajyoga meditation Center has been opened 5 years ago above their home. He is currently working as Director of Engineering at Intel McAfee Software Inc, leading large teams.

The theme of the Presentation:

Observing World Soil Day, 5th December 2022, Brahma Kumaris is welcoming you to grace us in the auspicious occasion of initiation of first Arogyavan of Southern India, at Shivalingam Puttaparthi

The session focused on the importance of soil protection, cultivation limitations, sustainable development through organic farming, optimizing resources, and remedial measures to protect the environment. Basic ideas must develop human relations, understanding, and caring for the earth with particular applicability.

About Sanskrithi School of Business:

Sanskriti School of Business (SSB) was founded in 2010 by Mr. Vijay Reddy in the rural regions of Puttaparthi. Driven by his endeavor to develop the rural youth, SSB was established to be a forerunner in the development and creation of future management leaders. We are diverse, welcoming, accepting and passionate about being the best we can be. Our campus is located in the midst of vast open spaces with more than its share of flora and fauna. We create an ideal environment for our students to exercise their thoughts and creativity. Our faculty is well qualified and play various roles like a guide, role model and friend to our students. We have separate clubs like Entrepreneurship development, HR club, Marketing club, Finance club, NSS club, Green Campus committee to encourage students in innovation, thinking out of box and implementing the best ideas suggested by them.

4. Conclusion

This is a great opportunity for us to help the needy people in this pandemic time by providing food, masks, medicines, rice, vaccination, sanitizer and to help them in their daily activities. It is a great pleasure for us to work with MGNCRE. Created vaccination awareness through Social-media by posting in WhatsApp groups of college, family, friends, etc. In this situation, values, emotions, bond, relationship played crucial role. So, we connected with old age people to help them to complete their daily activities.

college/campus to the early years of one's career. Transition from campus to career needs more attention as it involves a lot of planning. The objective of the planning must ensure that the person possesses the necessary skills to enable the person to cope up with the corporate culture and climate.

For an individual, starting to work in an organization is a unique and critically important phase that requires a special perspective and strategy to be successful as a fresher. Research suggests that the success of the transition period will have a major impact on aspects like salary, advancement, job satisfaction, and ability to have cordial relationships within the organization as well as on one's own feelings of success, accountability and commitment to the job.

Campus life and corporate life are fundamentally different. If one continues to have same expectations from his employer as he/she had from the professors in the campus, one will be highly disappointed and damage the career success as the culture of education is so different from the organizational culture. So, we need to bridge the gap.

Life in college has a structure and you know what to expect. Be it exams, classes, conferences, etc, you know the outcome. Corporate life is the exact opposite. It is fast paced and you often face deadlines and tight schedules. No two days may be the same. One can learn a lot by involving oneself in hands on activities within the organization.

Student Learning's:-

- Punctuality is very mandatory. It is better to arrive at work on time. Strictly follow the rules and regulations of the corporate.
- Listen, observe and give attention to every minor detail before jumping to any conclusions.
- Stay away from internal politics and gossip. It is better to observe the happenings around us and not contribute to it.
- Follow professional ethics by imparting values and manners. For instance, one's friend's room may be okay with him, but barging into the employer's room is not acceptable. Use simple magic words like 'Please' and 'Thank you'.
- Be a learner always to learn what you need to know. Find a mentor to guide in the career path.
- Always stick to deadlines. Complete the assignments before time so that one will have time to make changes if required.

- Pay keen attention to corporate culture to learn how things work within the organizations.

The biggest challenge while transition from campus to corporate, you yourself have to develop the self confidence that you have the ability to perform the job assigned to you. You also will be expected to demonstrate that you have the ability to learn and perform more to the satisfaction of your superiors. The more you deliver, more the expectations is added from your end.

It is only you who has to create your space in the team as contributing member, because nobody likes a weak link in their team. Believe in one thing, in the end you will get through this and transform into a beautiful corporate butterfly!
